## Now Expansion Plan for School

Proposal for a five-classroom addition at newly opened Bay St. Louis High School was submitted to the board of education by Architect Charles R. Johnson who designed the structure.

It suggested that when the school is in a position to erect another structure north of the present building, the connecting covered walkway to the elementary division cafeteria, basically plan is being erected.

## School Plans Drive Building

A \$10,000 fund drive to construct four additional classrooms and other facilities at Bay St. Louis High School was announced this week by the school board.

Chairman of the campaign is W. H. Whitlock of Pass Christian.

Drawing Page 4

The campaign will start late in the fall, according to Charles R. Johnson.

The building will be an extension of the four-classroom building erected in 1956 and the school to put all the children in the building under one roof.

Under the plan, the administrator explained, the school will take about 100 out of the old frame building and put them in a fireproof building.

The plan provides for a room for the library, a part of the frame building, and a lunchroom.

Present enrollment of students is expected to grow and proposed plan, on Page 4.

## Sought Mail Route

Plans for carrying mail from Bay St. Louis to Logtown, Waveland, and Pearl River, La., will be the subject of a meeting of the board of directors of the Gulf Coast Mail Company, Inc., on July 1, 1960.

The meeting will be held at the office of the company, 1000 N. Main St., Bay St. Louis.

At 4:30 p.m., the meeting will be held at the office of the company, 1000 N. Main St., Bay St. Louis.

now at East Jackson High School for \$45,000 he reported. The design also provides further expansion.

The architect was questioned about leaks in the gymnasium roof and some drainage problems on the North Central campus in an effort to iron them out before the guarantee ends in May.

A delegation from the Lectern Church inquired about buying the vacated school there and was informed that any sale would have to be by sealed bids to the highest bidder. One problem for the community group arises from the fact that the land on which the building is located is owned by the Lee heirs, reverting to them when it ceased to be used as a school.

The board approved a monthly rental of \$45 for an electric welder from L. L. Fletcher, school mechanic, to be terminated at the board's will. Nine buses need welding now.

Another prospect for the post of principal at North Central was interviewed and the board was informed by G. L. Tutor of Magee, offered the job earlier, decided against accepting. The session was recessed until Saturday morning when some decision is expected on the matter. The board had interviewed one other applicant last Saturday.

Last week's meeting was a busy one with board attorney Walter James Phillips authorized to go to Jackson to confer with counsel for the State Education Finance Commission about means of relieving overcrowded conditions at Gulfview school.

Recommendations that the North Central faculty be reelected for 1960-61 were submitted by J. C. Harrell, high school division head, and Culbert Lee, elementary head, and held for study. Harrell asked that Lee have work in the junior high field and an additional fulltime instructor be hired for the elementary division. Glenda Shaw was reelected secretary at \$175 a month.

Opening of bids on timber on the vacated Kila School property was rescheduled for the first May meeting since the advertisement had not been inserted in time for the April 16 meeting.

Possibility of interesting an industry in purchasing the vacated Sellers School was discussed by S. P. Powell since a community group does not plan to use it. The board indicated it would want at least enough to build two teachers homes from the sale.

Superintendent K. G. McCarty questioned assignment of poll tax receipts and average daily attendance funds to the Bay St. Louis Separate Municipal School District from county areas from which the board has to send children to the city schools. He noted that the county district not only pays tuition on these children but transports them as well. Phillips noted that the county gets state aid on this transportation but agreed to ask the attorney general for clarification. Board President C. B. Murphy remarked, (Cont. on Page 4.)

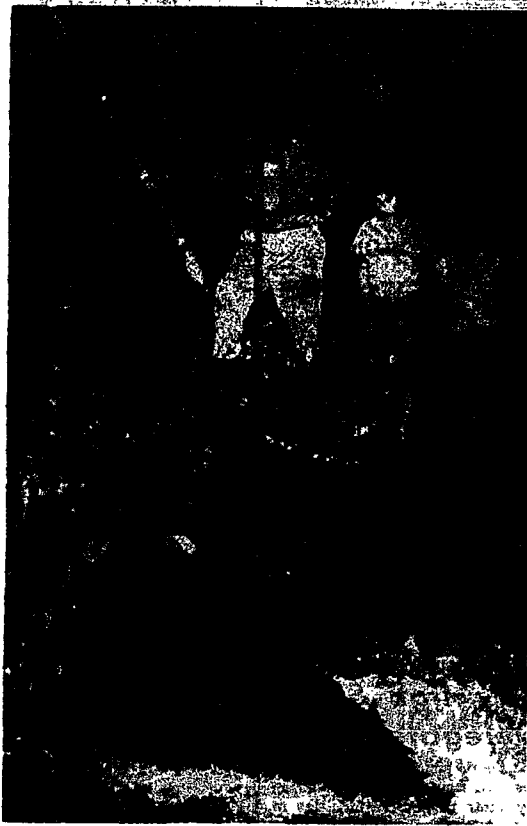

## Top Pole Visits Here

A request to see the Mississippi Gulf Coast, and some of its homes brought the Vice Prime Minister of the Polish Peoples Republic and his wife to Bay St. Louis Sunday.

Vice Prime Minister Piotr Jaroszewicz, his wife, and a party of about 60 Warsaw and Washington officials which included Polish ambassador to the U. S. Romuald Spasowski and members of the vice prime minister's tour party were entertained with a buffet luncheon at the North Beach Boulevard home of Mr. and Mrs. Charles Nutter. Nutter is head of International House in New Orleans.

Jaroszewicz and his party are in this country to repay last year's official visit of Vice President Richard Nixon to Poland. Mr. and Mrs. Nutter will leave April 21 to tour Russia.

Gov. Ross Barnett has indicated he will make every effort to attend the dedication of the new Hancock General Hospital, originally scheduled for April 30, but now postponed until some time in May, he informed Dr. M. Russell Jr., called on his civilian staff, this week.

**DRAINAGE OF RECORD RAINFALL** - Excessive rain drainage under U. S. 90 by Frostop restaurant late Friday night is examined by Bay St. Louis Mayor John Scaffide and Frostop employees, Ellen Cholina, daughter of Mr. and Mrs. A. J. Cholina, and Nancy Chastman, grand-daughter of Mr. and Mrs. Dill Laidich. Scaffide said drainage through the large highway culvert was the most he had ever seen.

## Heavy Rains Cause Street Washouts

Street and road washouts occurred in four areas of Bay St. Louis during Friday's record downpour. Mayor John A. Scaffide reported. The streets, which included North Beach Boulevard and "five points", where Hancock Street and Railroad Avenue intersect, were barricaded, he said.

Scaffide commented that the water level reached the highest point he can remember and officials of other Coast towns, including those in Harrison County, told him they had the same experience.

Five and three-quarter inches of rain between 2:30 and 7 p.m. was measured at the St. Stanislaus weather station by Brother Lester who said winds reached a velocity of 35 to 50 miles per hour Friday and up to 55 miles Saturday. Rainfall Saturday was 2 1/2 inches. It was a local storm, he said, the Mobile Ala. weather bureau reporting winds of only five to 15 miles an hour. Circuit Clerk Lamar Otis reported rainfall Friday of 7.32 inches measured on a Nash Roberts rain gauge at Kila.

Wilson Webb, proprietor of the Frosty Inn, U. S. 90 and Beach Boulevard, reported that the roof over his patio was blown away and destroyed. Also that benches and trash cans were blown around the beach but were recovered.

Ted Robin, proprietor of Globe Laundry reported no damage but the water was just an inch short of entering the building and that there was more water than during the 1947 hurricane.

The downpour flooded streets and roads throughout the Bay-Waveland-Lakeshore area and many automobile owners had to abandon their cars and continue on foot. Bay 5 Supervisor R. G. Hubbard Jr. reported the Lakeshore and Lower Bay Roads were under water and impassable until Saturday afternoon. Road crews worked on the roads all day, he said. Two sets of culverts that had just been set were washed out and will have to be replaced. (Cont. on Page 4.)

## Russo Elected Rotary Prexy

Bay St. Louis's Rotary Club's new president will be Dr. Walter C. Russo. It was announced yesterday by President Kenneth W. Popperdine. Russo will be succeeded as vice president of the club by W. Ray Gordon, Waveland, while Carl T. Smith was reelected secretary-treasurer.

## Boundary Changed At Bayou LaCroix

### Red Cross Goal Nearing Here

Quota for the Hancock County Red Cross fund drive may be reached next week, according to chairman Russell Elliott. He asks that anyone having a donation or willing to assist in the collection contact Mrs. Bert Scaffide. More than 50 per cent of collections stay in the county.

Mrs. Octave Delph, executive secretary, reported that during the past fiscal year the local chapter served 218 cases of which 33 were reporting for military personnel and families, 64 assisting veterans and dependents in obtaining VA benefits, 63 cases of counseling in personal and family problems and 51 miscellaneous.

This does not include other activities such as water safety classes, first aid classes, parties sponsored by ARC and given by ladies organizations for VA patients, Gray Ladies' services to veterans in VA hospitals and activities of Junior Red Cross.

### Local Churches Schedule Holy Week Observances

Special Holy Week activities climaxing with Easter Sunday services will be observed next week at Our Lady of the Gulf Catholic Church, Main Street Methodist Church and Christ Episcopal Church.

Masses at Our Lady of the Gulf will be said at 8:05 a.m. Monday through Wednesday and at 6:30 and 7:30 p.m. Monday and Tuesday. The Way of the Cross will be at 2:45 p.m. Wednesday.

Confessions are scheduled after Novena services Tuesday, 4 to 6 and 7 to 8 p.m. Wednesday, 4 to 5 p.m. Thursday, 4 to 5 and 7:30 to 8:30 p.m. Friday, and 3 to 5 and 6 to 7 p.m. Saturday. Morning mass will be at 6:30 a.m. Thursday with a solemn high mass at 5:30 p.m. and general communion for the entire parish. Procession of the Most Blessed Sacrament follows.

Adoration will be until midnight. Good Friday services include the Way of the Cross at 5 p.m. with holy communion at a solemn high mass at 5:30 p.m. A solemn high mass will be said at 7:30 p.m. with holy communion on Saturday. Blessing of Fire, Paschal Candle and Baptismal Font will be at this mass.

Masses will be at 6, 7, 8:30 and 11:30 a.m. and 5:30 p.m. with a high mass at 10 a.m. on Easter Sunday. Holy Cross will be at 7 a.m. at Bayou La Croix and 8:30 a.m. at St. Joseph's and St. Henry's.

Services at Main St. Methodist Church include Sunday school at 9:45 a.m. Palm Sunday, April 10, followed by morning worship and reception of the church membership class at 11 a.m. Methodist Youth Fellowship is (Cont. on Page 4.)

**30 STAR PATRIOTS** - Claiming the first and only 30-star flag in the county, City Commissioner Cyril Glover shows the modern version of Old Glory to City Hall employees Katherine Schindler, Chamber of Commerce Secretary Mrs. John Green, M. F. Cuevas, E. F. Davis and Carl Arnold. The flag can be seen flying in front of City Hall.

## Waveland To Request Train Severs Lease on Garage Site

Waveland Town Council will go before trustees of the Bay St. Louis Separate Municipal School District Monday night to clear matters on the town's proposed lease of a school controlled lot on Person Street as the site of a town garage.

Alderman Dominick Sonier told council Tuesday night that several trustees had given verbal approval to the lease but no contract had been drawn up.

The lot originally was used for Waveland's Negro school approximately 50 years ago and came under school management when the separate district was created. Waveland Negroes now attend Valena C. Jones School in Bay St. Louis.

On a motion by Sonier, seconded by Alderman Tony Bourgeois, council voted to increase Waveland's tax collector funds \$30 a month for a clerk's salary. Alderman Albert Grass

declined to vote. Repairs are slated for Fell Street and Marcus Drive after council reviewed complaints from about 15 property owners led by Mrs. Marie Eichhorn, who said very little had been done to Marcus Drive since town ownership in 1948. She said conditions were now so bad property owners had to park their cars on another street and walk to their homes.

Council took under advisement a request from E. R. Montgomery, 646 Beach Blvd., and C. R. Fraering, 652 Beach Blvd., that the town lay 21-inch culverts, purchased by them in a drainage ditch which runs between their property. They said their ground was being washed into the ditch and said they would provide fill for the ditch.

Filling the ditch was protested by W. R. Dickson, 136 Oak (Cont. on Page 4.)

## Train Severs Limbs, Man Dies

A 40-year old transient died early Tuesday in Gulfport Memorial Hospital after both feet and part of an arm were severed by a Louisville and Nashville freight train at the Sycamore Street crossing in Bay St. Louis.

Sheriff Gerald Price identified the man as William Frederick Pieplow of Louisville, Ky. Deputy Sheriff Robert Coleman said he received a call at 1:06 a.m. Tuesday from F. L. Reasonover, conductor of freight train No. 71, who said he saw the man lying between the tracks after the train pulled out of a siding onto the main line. No. 71 had been sidetracked to allow No. 76, northbound freight, to pass and it is believed the victim fell from No. 76.

Pieplow, said to be a World War II veteran, was rushed by a Fabey-Whitfield ambulance to Hancock General Hospital for emergency treatment and then (Cont. on Page 5.)

## ABC Admits Echo

The Sea Coast Echo was notified this week that it had been accepted as a member of the Audit Bureau of Circulations. Founded in 1914, the Audit Bureau of Circulations is a voluntary, cooperative and nonprofit organization which was started by advertisers in an effort to ensure that circulation claims by newspapers and other printed advertising media were accurate.

In January the Echo's records were audited by one of the bureau's auditors, all of whom are chosen for their integrity and accuracy. The audit took more than two days.

While 1,235 daily newspapers are members of the bureau, only 100 weekly newspapers are members. In the United States, this means that over 90 per cent of the dailies

are members but less than ten per cent of the weeklies. In Mississippi only one other non-daily newspaper is a member, the semi-weekly Pascagoula Chronicle-Star.

Although publishing members of the bureau contribute over 90 per cent of the expense of the bureau, the majority voice in the bureau's board of directors is turned over to advertising

buyers, its chairman always being an advertiser or an advertising agency member. It was formed by advertisers rather than publishers.

The bureau sets standards for the definition and measurement of paid circulation and verifies that its publisher members adhere to these standards. Membership is open only to those (Cont. on Page 4.)

The board of supervisors unanimously voted to return the disputed Bayou LaCroix area to Beat 4 at its meeting Monday. Residents of that area had contested the 1951 apportion of the supervisors in moving them into Beat 5.

On Feb. 9 the State Supreme Court ruled that the action of the board in 1951 was valid since the supervisors have statutory authority to change boundaries of a district by unanimous vote, in so doing the supreme court dissolved an injunction granted in 1952.

The original boundary line followed Bayou LaCroix but was moved approximately two miles north by the board in 1951, according to records in the county tax assessor's office. Because of the injunction residents of the area continued to vote in Beat 4. Motion to return the area to Beat 4 jurisdiction was offered by Beat 4 Supervisor James Nease, seconded by Beat 2 Supervisor I. M. Frierson.

Board President R. G. Hubbard Jr. registered his affirmative vote since the boundary change required unanimous agreement.

Efforts by the beachfront clean up committee to obtain funds for the proposed improvement from Jordan River to Bayou Caddy were rewarded when the board unanimously adopted a resolution requesting a local and private bill enabling the board to spend up to \$5,000 from any fund available to remove piling and underwater hazards on the water side of the seawall.

Hubbard, member from Beat 3 in which the seawall is located, noted earlier attempts to remove the piling and debris had been blocked, when the board was unable to obtain assurance that the present situation would not be repeated.

But both Bay St. Louis and Waveland mayors have now given verbal assurance that ordinances will be passed requiring building permits with strict specifications for private piers, he said. Hubbard also requested old pier pilings be removed before additional construction be made on the same property.

Board Attorney Sam Favre explained the bill, to be introduced by Representative Clarence Lader, will not require the supervisors to contribute funds but only give them authority to use county funds for this purpose. He said a local and private bill passed about 1952 granted clean up privileges only to the Town of Waveland.

Immediate passage of the resolution was urged by clean up committee member N. L. Carter, who commented the present legislative session might adjourn on April 15 and next week would be too late. Another session of the legislature is not scheduled until two years, Favre added. Carter was joined during the board session by Committee Chairman Dr. J. F. Dick and members Leonard Lader, Ray Gordon, James Robert and Waveland Mayor Garfield Lader.

The \$5,000 cost estimate was based on quotations received from a Coast demolition engineer on removal of approximately 2,200 snags and pilings at \$2.50 each. Additional funds for the drive will be solicited from other sources.

## Hooray for Us!

The Audit Bureau of Circulations was formed by national advertisers, advertising agencies, newspapers and magazines to set a standard by which the claimed circulations of printed advertising media could be measured and assured. Initially in the daily newspaper field and where magazines were concerned it was a test of the publisher's honesty in his circulation claims.

Where daily newspapers are concerned this is no longer true, since some 98 per cent of all dailies in the United States are members of the bureau and their circulation audited unannounced by the bureau's personnel. The board of the bureau is composed primarily of persons representing advertisers, although newspapers and magazines have representation on the board. Our circulation record keeper who said to ABC's auditor: "I have had my books audited by the internal revenue service, I have had them audited by state tax people, I have had them audited by many others, but you fellows are the worst."

While all established Mississippi daily newspapers are ABC members, as far as we know only one non-daily, the semi-weekly Pascagoula paper, is presently a member. The Picayune Item was once a member and probably some other Mississippi weekly has been. Notwithstanding the expense, we think they should have continued.

In any event the Echo is proud to have been audited by the bureau and to have admitted to membership. Where weekly newspapers are concerned, membership in the Audit Bureau of Circulations is still some indication of a publisher's honesty with regard to his circulation.

## Gambling, Why Not

Many think that open gambling in Hancock County will economically benefit the county. Their reasoning seems to be that if such diversion, of time and money, is available many more people will come to the county for entertainment. Among the people who think along this line are many whom we consider friends and whose opinions we value.

The Echo disagrees and on the economic basis as well as otherwise. We prefer to leave the moral aspect, in its religious sense, to the clergy, and, for the present at least, leave the moral problem, in its social or legal aspect, to the law enforcement agencies.

To avoid misunderstanding, this paper is not opposed to the ladies bridge club playing for a quarter a corner or, assuming they can afford it, to playing bridge for a cent a point. We have no objection to a poker game among friends. If we played better, we'd probably like to join some of our friends. We have no complaint with raffles (lotteries) or bingo frequently used to raise money for worthy organizations. Furthermore, even if illogical, we don't really object to commercial bingo so long as the cards don't cost too much, for we feel it so frequently constitutes a form of family entertainment. Our objection is to professional gambling and for at least two economic reasons.

To begin with, professional gambling establishments in Hancock County have three sources from which to draw their customers: routine tourists, persons who come from New Orleans for the purpose of gambling, and local residents. Obviously, where local persons are concerned it does not help the county economically and probably hurts it, notwithstanding one can just cross the Bay bridge and indulge.

The New Orleans gamblers would bring in money to those operating the local gambling establishments and, if they stay over a night or two, might buy some food and pay a motel for a room. We strongly suspect, however, that a large group of this type would discourage at least an equal number of New Orleans people from buying homes here, from renting homes or apartments for a week or month during the summer, and these people contribute much more economically to our merchants, whether grocer or lumberman or what, to our banks, to our gasoline service stations, to our real estate agents and even to our lawyers.

The other category of possible gambling customers we listed were the routine tourists. If they win, they take money from the county. If they lose, which would add to the wealth of any local person operating a gambling establishment, they are likely to complain. If enough complain, agencies such as the American Automobile Association will blacklist the county and suggest routes of travel not including Hancock County. Remember! This will economically hurt every lawful business on U. S. 90 directly and all of us indirectly.

The second economic reason is simple. If we want to keep the county the way it is, the best way we know how to do it is to permit illegal professional gambling. Free legal gambling discourages them. If we permit them to operate legally, we encourage the industries to let them operate. Free legal gambling is a double-edged sword. It encourages the industries to let them operate. Free legal gambling is a double-edged sword. It encourages the industries to let them operate.

The local option alcoholic beverage bill lost in the Mississippi House of Representatives. Darn it, those carpetbaggers, the Yankees, won again. That these Yankees are mostly from NORTH Mississippi doesn't change the fact that they follow their 1860 brethren - they take the money but want their sale termed illegal.

Well, some local people won-the bootleggers and perhaps some law enforcement personnel.

## Tommy writes 300,000 checks a year

Tommy Cox, data processing employee of United Gas, operates a machine which writes some 12,000 payroll checks and 13,000 gas purchase and royalty checks each month.

Many thousands of United Gas checks move into the channels of trade in the Gulf South every year. In 1959, for example, we issued checks to cover the purchase of more than one trillion cubic feet of natural gas produced in this area. Add to these the payroll checks for our 8,000 employees; those for the millions of dollars we paid in state and local taxes; in royalties and lease rentals;

and for the purchase of supplies and equipment. Consider, too, our expenditures averaging more than \$1,000,000 per week for the past ten years to build new pipe lines, drill new wells, extend distribution and service lines. What an impact on the economy of the area we live in! The industry and United Gas, are mighty important to the prosperity of the entire Gulf South.

## Bridal Party Theme Picked for Hat Show

The Bridal Party will be the theme of the hat show set for 2:45 p.m. April 14 at the American Legion Hall, according to Miss Veronica B. Mohr, chairman.

A prize and tri-color will be given for the best hat in the show. Blue ribbons will be presented to the best hat in each of four classes with a small prize for each blue ribbon except the tri-color winner, Miss Mohr said. Ribbons also will be awarded second through fourth place winners.

Competition will be as follows: Class I: Mother - a large or medium size straw trimmed with fresh flowers and ribbon or net. Class II: Matron of Honor - an

original creation with a frame made by hand from any type of material and trimmed with fresh flowers, silk or dried flowers. Class III: Bride - a small, close fitting hat covered with fresh flowers or a small brimmed hat partially covered with flowers, veil is optional. Class IV: Aunt Maudie from the country - a humorous, original creation, an unusual dress or accessories of any kind may be used with the hat.

Members may enter a hat in each of the classes but only one hat per class is allowed.

Entries are limited to garden club members and those planning to model are urged to be on time and sit in the ribbons, Miss Mohr said. Mrs. Walter Hays is in charge of music for the show.

CHRIST DAY SCHOOL ADDITION DESIGNED BY ARCHITECTS OUBRE AND WAGNER

## Day School...

(Cont. from Page 1.) facilities are designed to care for this.

Established in 1950, the school has received an AA rating for several years, believed to be the only elementary school on the Gulf Coast to so qualify. Since 1957, it has offered all eight elementary grades as well as a kindergarten.

Pupils are enrolled from as far west as Pearl River and as far east as Mississippi City. Three buses, owned and operated by the school, pick up the students along the Coast. The seven and one half acre campus, is located at 912 S. Beach Blvd.

## Holy Week...

(Cont. from Page 1.) at 6 p.m. and evening worship at 7:30 p.m.

Holy Week services will be at 10 a.m. and 7:30 p.m. Sunday through Friday with special guest speaker Dr. Henry Richey, superintendent of the New Orleans district of the Methodist Church and song leader, the Rev. Eddie Starr of Gulfport. Mrs. J. B. Goldman will be organist.

A sunrise communion service will be at 6 a.m. Easter Sunday with dedication of infants and small children in Christian baptism scheduled for 9:30 a.m. Morning worship will be at 11 a.m. and evening services as regularly scheduled.

Holy Communion will be at 7:30, 9:30 and 11 a.m. Palm Sunday at Christ Episcopal Church and at 7:15 a.m. Monday, Tuesday and Thursday and at 10 a.m. Wednesday.

The Rev. Joseph R. Beckman of Trinity Church, New Orleans, will conduct a three-hour service from 12 to 3 p.m. Good Friday. Vespers and sermon will be at 6 p.m. Saturday with Phillip M. Allison, lay reader.

Easter Sunday communion will be at 7:30, 9:30 with the senior choir, and 11 a.m. with the junior choir. Communion will be given at 7:15 a.m. on the Monday and Tuesday following Easter and a mid-week service and communion will be at 10 a.m. Wednesday following Easter. Children's mite box service will be at 9:30 a.m. April 24.

Christ Church's Easter egg hunt will be from 3 to 4:30 p.m. April 16 at Dielman Evangelical Center on Beach Boulevard, Waveland.

## Heavy Rains...

(Cont. from Page 1.) set and other damage has put the project weeks behind schedule, Hubbard said. Many sections of the area are barely two feet above sea level, forming a drain basin for the water, he added.

Joseph J. Scatoli, postal employee, said mail deliveries were not interrupted but the basement of the postoffice building was flooded, the pump being unable to take care of the record downpour.

members and will be treated to dinner by the losers.

## City Echoes

Dr. Franklin Atkinson, pastor of First Baptist Church, has returned from Winfield, Ala., where he and Bobby Turnage, minister of music, conducted revival service last week. Dr. J. Olen Strangue occupied the pulpit and Dr. W. Plunkett Martin directed music in their absence. Both are from New Orleans Baptist Theological Seminary.

Mr. and Mrs. Harold Dehm, former Bay residents, were weekend guests of Dr. and Mrs.

## Spratley Named

Arthur E. Spratley, Gulfport, has been appointed fund raising chairman of the Mississippi Association for Mental Health for this district. Besides Hancock County the district consists of Harrison, Pearl River, George, Jackson and Stone counties.

## Show Expansion...

(Cont. from Page 1.) ed the only question to him was the poll tax division.

Trustees noted that a new trustee from Beat 5 must be elected in November since Mrs. C. C. McDonald is ineligible for reelection because a new state law requires board members live in the county district. She resides in Bay St. Louis, a part of the separate municipal school district. Nomination is by a petition of at least 50 qualified voters in the area involved.

Payment was approved to North Central Principal R. E. Webb and Mrs. Richard Ellis for their time in compiling data to apply for federal aid to pupils whose parents are in government employ or installations with government contracts. Additional bills were cleared for payment and a letter of recommendation written for Principal Webb.

**HAIR HELPERS.** Many a lady has found gleaming hair keeps away from straying to the hips. Brush your hair often. (A good woman won't come out.) Use a bit of hair dressing daily if you so keep them neat.

**HAIR-UP FOR HAIRDOES.** Winter winds play havoc with hair, and dry indoor heat means locks dry as straw. Often the first hint of Spring finds you feeling "just awful." That's why we have a "Spring Special" right now on our own special "fresh-up" for hair. A soothing new conditioning treatment that leaves your locks "springy," hair, you may want a treatment before each shampoo now.

**YOUR "EASTER SUNDAY" LOOK.** Prettiest day of the year, Easter Sunday. Well, all ready to give you the beautiful new hairdo you feel younger and more exciting. It won't just flatter your face, it will make you certainly want it to do that, so please come in - your features, height, build, personality and even your way of life. That's what we call "hair styling" - and we're proud of it.

The evening committee with Mrs. W. Partridge as chairman will assist in preparing drapes for the administrator's office among other things. It was decided that each member is to wear a pink smock, standard auxiliary uniform, while assisting in hospital work.

Later in the afternoon, Administrator Tom Logue conducted a tour of the new hospital, explaining the modern equipment and planning that went into the building.

Speaker for the meeting was Michael Haas. His topic was "What A Hospital Means to a Community" and he emphasized that industry normally does not come to a community without adequate hospital facilities.

Possible attendance by the president, Mrs. Alvah P. Smith, and other members at the area auxiliary conference in Miami, Fla., in the early summer and Mrs. Leo Seal was named to investigate this. Members were invited to a meeting June 21 at the Buena Vista Hospital, Logue urged the women to attend these sessions for information. Anyone who can go is to contact Mrs. George F. Stevenson.

The next meeting will be at 2 p.m. May 2 at the home of Mrs. T. T. Robin, 121 Carroll Ave.

At the business session, Mrs. James Zimmerlee was appointed recording secretary. Mrs. Lionel Seltzer conducted the pledge training program on the by-laws, history and traditions of Beta Sigma Phi. Assignments were given the pledges for the next meeting April 19 at the home of Mrs. E. V. Aimes.

## Mrs. Jon Everett Warner and Lenard, Mr. Warner Vows in Sunday Rites

Arrangements of pink azaleas and white roses formed the altar of the Gulf Catholic church for the wedding at 2 p.m. Sunday, March 27, of Miss Kathleen Lenard, daughter of Mr. and Mrs. J. R. Warner, son of Mr. and Mrs. George Kenneth Warner of Williamsport, Pa. The Rev. J. Mercier officiated at the wedding ceremony.

The bride was attired in a gown of ivory Chinese silk with Chantilly lace, a short and her chapel length veil and a circlet of pearls. She carried a bouquet of white carnations and pink sweetheart roses.

With a white orchid, Georganne Irene Warner Williamsport, sister of the groom, was maid of honor. In a gown of embroidered organza, she wore a pill hat and carried a bouquet of feathered pink roses.

Anna Marie Villalobos of St. Louis was bridesmaid. She wore a blue silk dress of the same design as a spray bouquet of pink carnations.

W. Lenard of St. College, Covington, La., brother of the groom, was best man. Ron Rutkowski of Biloxi, Ushering were maid of new Orleans Bontemps of Bay St.

Reception followed at the home where the rooms were decorated with a profusion of pink carnations and gladioli. The bride's table was

## Softball Tourney Set

Plans for an all-day tournament, scheduled for 9 a.m. Sunday, April 24, at St. Stanislaus Stadium were formulated at a special meeting of the Hancock County Softball League Tuesday night.

Davis TV, sponsored by player-manager Red Davis, withdrew from the league. Davis said he had opened another business in Pass Christian and didn't think he would have time to run a team but would play with another team, probably Stiefel's.

Mrs. Theo Tudury, chairman of the Parks and Playground Commission, announced that advertisement for bids would be made this week for construction of bleachers for the municipal ball park. Work on the diamond has been delayed by rain, she said, and will be continued as soon as the ground dries. Arrangements have been made and fill purchased for the field but the ground has been too soft for trucks to drive on it, she said.

Leroy Luke and Gasper Mauri were appointed chairmen of the soft drink and refreshment committee for the tourney.

## Stanford Pilet Gets Fellowship

Stanford C. Pilet of Seattle, Wash., son of Col. N. C. Pilet of Bay St. Louis, has won a National Defense Education Act fellowship to continue his studies in dynamical astronomy in the University of Cincinnati's graduate Institute of Space Sciences.

A graduate of West Point Academy, Mr. Pilet is now completing his first year in the Cincinnati University Institute. His fellowship for next year amounts to \$2,200 with dependency allowances, rising to \$2,400 the third year of study.

ment committee for the tourney; Charlie Carter, food; Billy Osbourne and Red Starita, building of concession stand; Donald Caldwell and Billy Osbourne, selection of umpires.

Final plans will be made at the April 19 meeting at the Knock-Knock Club.

## Biloxi Blasts Rocks, 15-0

With only one day of practice, Stanislaus' baseball team dropped their opener to Biloxi High 15-0 Tuesday night in Biloxi. Biloxi's ace hurler, Ronnie Perasich, turning in a no-hitter.

Sunday, Coach Scooter Zimmerman's Rock-A-C-H-A-W-S will tackle Notre Dame of Biloxi in Stanislaus Stadium at 2 p.m. Pitcher Pat Mashburn was charged with the loss, giving up 10 runs. He was relieved in the bottom of the second by Finley Hewes who gave up five. Catchers were Louis Genard and Walter Clarke.

Bay High's nine, coached by Lance Lumpkin, plays its opening game today with Long Beach here, the first two games having been postponed until later in the season.

## Gun, Rodders Enjoy Feast on Wild Game

Sixty members of the Hancock County Gun and Rod Club enjoyed a wild duck and rabbit dinner at the Knights of Columbus home last Thursday. The repast was again prepared by Gerard Freeman and Tony Morreale. The game had been bagged during the season by members and frozen. President Bert Stiefel announced that seven new members were signed at the meeting. Dues are \$2 per year.

## Sailing Calendar Told

Scheduled for May 7 and 8 at Bay-Waveland Yacht Club is the Monk Smith regatta, the first of the season.

Fish class boats were launched last weekend and will be rigged this week. J. W. Watts Jr., chairman, announced. Sailing classes will commence June 14.

The regular Sunday dinner scheduled for April 10 was postponed to April 17, Easter Sunday. Manager Bernard F. Farrelly said. It will be a turkey dinner with all trimmings. There will be regular dinners beginning May 8 through June 12. Ladies Auxiliary luncheons will be April 20, May 18 and June 15.

Other coming events are the Gulf Yachting Association Opening Regatta at Fort Walton, Fla. Headquarters of Bay-Waveland Club will be Holiday Inn, Destin.

At Bay-Waveland May 28-29 will be the 24 Boat Fish Class Regatta; June 18-19, Gulf Yachting Association, Western District Sears eliminations at Bay-Waveland, also the Junior Penguin Championship Regatta. Malory eliminations will be conducted during May.

A Bay-Waveland team won the Western District fish class race at New Orleans Yacht Club March 19-20. Members were Jack Gordon, Harry Chapman, B.C. Bob, Carl Marshall, Don Chamberlain Jr. and Marion Wolf Jr.

## PCI Golf Club Has Ladies Day

Pass Christian Isles Golf Club had its weekly ladies luncheon and golf match on Tuesday. The game was match play against par with full handicaps. Awards will be made next Tuesday as play has been extended through the entire day instead of half day allowing more ladies to participate.

Present were Mesdames Bert Stiefel, Wilbur Johnston, Powell Glass, John David, John Griffin, Walter Russo, D. ## Shoulda Gone Fishin'

BY EDDIE ENGLISH

We want to thank all the nice people who called in to say that fishing was excellent off their front porches Friday night. Special thanks to the unidentified caller who said he always used a leader because fish run in schools and follow the leader.

Spring perch and green trout fishing is coming into its own and several good catches were reported despite Friday night's deluge. Surface fly fishing seems to be the most productive, probably because of bright, sunshiny weather but in darker, more protected bays deeper running lures should be a good bet.

In the salt water field, record rainfall didn't help and swollen rivers are pouring their muddy waters into the Bay but north winds Monday and Tuesday were pushing it out into the Gulf and green water might turn up by the weekend. A few specks were caught along the railroad bridge before the rain came.

Best spot during the past few weeks appears to be Mulatto Bayou. Last weekend Alden Mauffray and Sylvan Ladner made a nice kill of 21 green trout and perch using mostly red and yellow flies.

Latest report on Game Warden Randolph Bourgeois, who had another heart attack a few weeks ago, is that the Doc says his condition is improving nicely. He has been sitting up a little and Mrs. Bourgeois expects to take him for a walk if the good weather holds out.

Larry Mauffray says he has

heard reports of sea nannies being seen around Cat Island, a sure sign that salt water is on this way in. He also reported the first catch of a few trout at the Keys heard by this department this year.

Rilla Cuevas visited his secret fishing hole Saturday and smacked home with six poggie-eyes, two bluegills and one green trout before being rained out. Kept on fishing, he said, but the rain must have been too wet for the fish.

Donald Caldwell reports the surging water brought on by Friday's rain broke all his catfish lines. Says he has been too busy shaping up his Youth Center softball team to do any fly fishing yet.

Ben Hille complains that the rain has messed up his river. (He has a boathouse on the Jordan.)

Polly Mazarakis has been needing Isobel Villere for a long time to find out where she and husband Mel have been catching all the green trout and perch and finally wangled an invitation to go with them this weekend.

Brewster Mollere and sons, C. B., Brian and Phillip found the water bad and their combined efforts only netted one green trout.

Wavelander Lee Ferrell tried the Louisiana marshes last week but the water was still bad. Jim Mayfield got some perch.

According to the new almanac, the only world record fish caught in Mississippi was a five pound, three ounce white crappie caught July 31, 1957, at Enid Dam. Sounds like a lot of crappie.

## Reward Offered For R.K. Young

A \$150 reward for the discovery of R. K. Young, about 40, of Lafayette, La., missing since March 12 when his empty fishing boat was found near Logtown, has been posted by Young's employer, the Renwar Oil Co. of Corpus Christi, Texas, according to Beat 1 Constable H. G. Dean.

Dean and searchers have been unable to find any trace of Young either by searching the swamp area by foot or in a Coast Guard helicopter. Dean said the search has been called off and asked anyone desiring further information to contact him.

"...the most significant engineering advance of 1960"

... Motor Trend Magazine

Corvair named "CAR OF THE YEAR"

"Four-wheel independent suspension totally unlike any other U.S.-built car" . . . "air-cooled aluminum engine . . . not dependent on the properties of a liquid coolant" . . . a rear-mounted transaxle "allowing a flatter floor and a lower roofline. . . ." These are some of the praises heaped upon Corvair by the editors of Motor Trend—the world's largest general automotive magazine—in announcing their coveted Car-of-the-Year award. Other cars didn't even come close. The Motor Trend experts, who evaluated every make in the country, were unanimous in their decision, published in the April issue. But, unless you have personally driven a Corvair, you can't appreciate what this engineering achievement really means in combining compact car economy and agility with big car ride, room and sure-footedness. Drop down to your dealer's, take a trial drive and then judge the Car of the Year for yourself!
